

Context:

An email invitation for a person to apply to become part of the SugarFace Project.

(Name),

The dog you found, rescued, adopted, or brought to your family is the one you cherish like no other.

The story you lived and created is the one we want to hear, share, feature in something we call The SugarFace Project.

What IS the SugarFace Project?

Part celebration. Part love-fest. Part coffee-table book of beautiful photos and stories.

100% tender memories bound in the love we share around old dogs.

We'd love to review and possibly capture the story of your elder dog companion.

How do we get started?

Answer a few short questions via our survey ([link](#)) and be sure to include (upload) a phone pic of your pup.

We are taking applications until (date) for the (location/district) area.

Click to the survey, get more information, and we'll get underway!

All the best,

Wendy and Marika

P.S. Survey is here ([link](#)). Can't wait to read more about you and your SugarFace!
